Section 1: Identification

Product identifier

Product Name  Image Herbicide Consumer Concentrate Kills Nutsedge Ready To Spray

Synonyms  100099405; 100099407; 100099429; 100099430; EPA Reg. No.: 73342-4

Product Description  Light yellow - amber brown liquid.

Recommended use  Herbicide.

Restrictions on use  Keep out of reach of children. Avoid contact with eyes and skin.

Details of the supplier of the safety data sheet

Manufacturer  Ambrands

1000 Parkwood Circle, Suite 700
Atlanta, GA 30339
United States

Manufacturer  1-800-424-9300 - CHEMTREC

Manufacturer (Transportation)  1-703-527-3887 - Chemtrec US collect calls accepted

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012  Not classified; does not meet hazard criteria.

Label elements

OSHA HCS 2012

Hazard statements  No label element(s) required

Other hazards

OSHA HCS 2012  This product is not considered hazardous under the U.S. OSHA 29 CFR 1910.1200 Hazard Communication Standard.
Section 3 - Composition/Information on Ingredients

Substances

- Material does not meet the criteria of a substance.

Section 4: First-Aid Measures

Description of first aid measures

Inhalation

- IF INHALED: Move person to fresh air. If person is not breathing, call 911 or get medical help then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or seek medical advice.

Skin

- IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Eye

- IF IN EYES: Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Ingestion

- IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed

- Refer to Section 11 - Toxicological Information.

Indication of any immediate medical attention and special treatment needed

Notes to Physician

- Treat symptomatically and supportively.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media

- Use water spray, alcohol resistant foam, carbon dioxide, or dry chemical.

Unsuitable Extinguishing Media

- Avoid heavy hose streams.

Firefighting Procedures

- Move containers from fire area if you can do it without risk.
  Use extinguishing agent suitable for type of surrounding fire.
  Do not allow fire fighting water to escape into waterways or sewers.
Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards  •  No data available.

Hazardous Combustion Products  •  No data available.

Advice for firefighters  •  Wear positive pressure self-contained breathing apparatus (SCBA).

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions  •  Use appropriate Personal Protective Equipment (PPE). Avoid contact with skin, eyes, and clothing. Ventilate the area.

Emergency Procedures  •  Do not allow runoff into water, storm drains or drainage ditches.

Environmental precautions  •  Contain and prevent from release into any waterway, sewer or drain.

Methods and material for containment and cleaning up

Containment/Clean-up Measures  •  Absorb spills with an inert material, clay granules or other inert absorbent material and put in container for disposal.

Section 7 - Handling and Storage

Precautions for safe handling

Handling  •  Avoid contact with skin or eyes. Avoid breathing fumes. Do not use in areas without adequate ventilation. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

Conditions for safe storage, including any incompatibilities

Storage  •  Store in a cool/low-temperature, well-ventilated, dry place. Keep container tightly closed. Keep from freezing. Store away from incompatible materials. Do not store at a temperature below 32°F.

Incompatible Materials or Ignition Sources  •  Do not store near strong acids strong bases, oxidizers, hazardous or toxic substances.

Other Information  •  See product label for additional information.

Section 8 - Exposure Controls/Personal Protection

Control parameters

Exposure controls

Engineering Measures/Controls  •  Use adequate ventilation to remove vapors (fumes, dust etc)

Personal Protective Equipment

Section 10: Stability and Reactivity

Reactivity

- Non-reactive under normal handling and storage conditions.

Chemical stability

- Stable under normal temperatures and pressures.

Possibility of hazardous reactions

- Hazardous polymerization will not occur.
Conditions to avoid

- Do not allow product to freeze.

Incompatible materials

- No data available.

Hazardous decomposition products

- Carbon and nitrogen oxides.

Potential Health Effects

Inhalation

- Acute (Immediate): Under normal conditions of use, no health effects are expected.
- Chronic (Delayed): No data available.

Skin

- Acute (Immediate): Under normal conditions of use, no health effects are expected.
- Chronic (Delayed): No data available.

Eye

- Acute (Immediate): Under normal conditions of use, no health effects are expected.
- Chronic (Delayed): No data available.

Ingestion

- Acute (Immediate): Under normal conditions of use, no health effects are expected.
- Chronic (Delayed): No data available.

Carcinogenic Effects

- No component of this product present at 0.1% or greater is listed by IARC, OSHA or
Section 12 - Ecological Information

Toxicity
- No data available

Persistence and degradability
- No data available

Bioaccumulative potential
- No data available

Mobility in Soil
- No data available

Other adverse effects

Other Information
- No data available.

Section 13 - Disposal Considerations

Waste treatment methods

Product waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Packaging waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations. See product label for disposal instructions.

Special precautions for user
- None specified.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
- No data available

Other information
- IMO/IMDG: No data available
- IATA/ICAO: No data available

Section 15 - Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture
- SARA Hazard Classifications: None
FIFRA – Pesticide Labeling

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

**CAUTION**

**Precautionary Statements**

- KEEP OUT OF THE REACH OF CHILDREN.

**Hazards to Humans and Domestic Animals**

- Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Keep children and pets out of the treated area until sprays have dried.

**First Aid**

- If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

**Environmental Hazards**

- To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street back onto the treated area of the lawn or garden will help to prevent runoff to water bodies or drainage systems.

**Section 16 - Other Information**

- **Revision Date**: 11/January/2016
- **Last Revision Date**: 11/January/2016
- **Preparation Date**: 11/January/2016
